

## 43 inch outdoor portable smart display

IP65 waterproof and dustproof

14 hours battery life

Android player

network update

1500 brightness

tempered glass

Security lock

UV protection

Playback menu settings

### Omnidirectional movement and rotation

Foldable design and special casters are installed, which can be operated flexibly by one person, saving time and effort.

### Fixed lock lever

The advanced locking mechanism is adopted to ensure the stable placement of the machine, and the movement and placement are simpler and more flexible.

### IP65 rainproof and dustproof structure design

The whole machine is designed with IP66 protection level, which can keep rainwater and debris, dust and other particles in the air out, and can be protected from any wet weather, which greatly expands the application environment.

### Multi-touch, smooth and smooth

Using the top projected capacitive fusion control screen: smooth and smooth writing, wear resistance, long life.

### 1500 brightness IPS screen

The high-height LCD panel is three times brighter than a home TV, making it ideal for outdoor commercial space displays.

### Remote release, plug and play

Online production of H5 advertisements through mobile terminals or C terminals: remote publishing of graphic information and other content. Or copy images and videos to a USB flash drive, plug it into a USB port, and wait for the content to be copied before use. Images and videos can be played in a continuous loop.

### Battery Tips

It can clearly display the remaining power, which is convenient for arranging the use and charging time of the battery.

### Safe and secure

All-aluminum alloy frame, high-strength metal chassis: front tempered glass panel, provides a solid backing and guarantee for the operating environment and service life of the machine.

## long run time

An industrial-grade battery solution ensures that the display works 14 hours a day without interruption.

## Specification

No.	Specification	43 inch TFT-LCD
LCD Screen	Resolution	1920x1080(FHD)
	Visible area (mm)	940.896(H)x 529.254(V)
	screen aspect ratio	16:9
	Brightness (cd/m2)	1500
	color depth	16.7M
	Viewing angle	178°
	Contrast	4000:1
	touch screen	Multi-touch capacitive screen
Hardware	multimedia format	Video (MPG, AVI, MP4, RM, RMVB, TS), Audio (MP3, WMA), Image( JPG, GIF, BMP, PNG)
	output resolution	1080x1920
	CPU	Dual core RAM Cortex-A53+ Dual core RAM Cortex-A73 CPU, CPU Frequency: 1.55GHZ
	GPU	MALI-G51 MP2, support FULL HDR
	RAM	2GB DDR4 (optional 3GB)
	ROM	8GB NAND(optional 16GB)
	USB	USB2.0 HOST (x2)
	LAN	10/100M Ethernet
	Wi-Fi	802.11b/g/n
	operating system	Android8.0
	trumpet	8Ω 5W x2
Battery	battery technology	Integrated polymer lithium battery
	charging time	7 hours
	battery life	14 hours
	battery capacity	43200mAh
	Voltage	25.2V
	power	110W

	efficiency	1088.54Wh	
Machine	Product Dimensions (WxHxD mm)	1234x591x195	
	Packing size (WxHxDmm)	1335x700x300	
	Gross weight (kg)	38.16kg	
	Net weight (kg)	< 46kh	
working environment	operating temperature	-20°C to 70°C	
	Storage temperature	-30°C to 80°C	High temperature resistance up to 105°C
	Operating humidity	10% to 80%	
	Storage humidity	5% to 95%	
spare parts	Include	Remote control, instruction manual, charger and charging cable	
Warranty	Warranty time	1 year warranty	
	Battery Warranty	1 year warranty	
	Technical Support	Lifetime
